

## Wednesday 13<sup>th</sup> May - LO: To be able to research information

What animal has escaped from the safari park in your story?

Today's activity is to go on to the West Midlands safari park website:

[www.wmsp.co.uk](http://www.wmsp.co.uk) in order to research what animals they have there.

You need to choose one animal that would **scare** you on a camping trip.

Why would it scare you? What characteristics does it have?

What noises does it make?

Draw your animal's silhouette and features. Label them with some great vocabulary that you can use in your story this week.

Words to describe how it moves	Animal silhouette	Words to describe the noise it makes
<p>prowls stalks its prey leaps flicks its tail powerful, athletic run melt into the shadows skulking in the shadows</p>	 <p><b>TIGER</b></p>	<p>ghostly silent soft padding of paws throaty roar menacing growl savage snarl</p>
	<p><b>Words to describe its body features</b></p> <p>glowing amber eyes    whip-like tail rippling muscles large and heavy head razor sharp teeth / incisors / fangs flame &amp; coal flickered fur carnivorous canines retractable claws</p>
