

## ACTIVITY 1

Sort the determiners into 2 groups. General and quantifiers (tell you how many of a noun).

more

an

a

many

what

all

enough

few

any

some

another

other

less

five

## ACTIVITY 2

List 5 'general determiners'. You will have to think back to the week when you wrote your campfire stories!

Now write them each in a sentence. Underline the general determiner.

1. ....

2. ....

3. ....

4. ....

5. ....

1. ....  
.....  
.....

2. ....  
.....  
.....

3. ....  
.....  
.....

4. ....  
.....  
.....

5. ....  
.....  
.....

### ACTIVITY 3

Sort the specific determiners into 3 groups. Definite determiners, possessive determiners and the definite article.

our

this

the

his

your

their

her

these

whose

those

my

that

## ACTIVITY 4

Below are groups of determiners. Each group has a determiner missing. What types of determiners are they and which one is missing?

Then write a sentence about how they tell you more information about a noun.

type				
	this	some	your	a
	those	five (or any number)	her	any
	that	more	his	other
		all	my	another
		enough	whose	what
		less	our	
		many		
what they tell us about a noun				

### ACTIVITY 1 - ANSWERS

general determiners	quantifiers
a	some
any	five
an	few
other	more
another	all
what	enough
	many
	less

### ACTIVITY 2 - ANSWERS

general determiners
a
any
an
other
another
what

### ACTIVITY 3 - ANSWERS

definite article	definite determiners	possessive determiners
the	this	their
	those	your
	these	her
	that	my
		his
		whose
		our

## ACTIVITY 4

Below are groups of determiners. Each group has a determiner missing. What types of determiners are they and which one is missing?

Then write a sentence about how they tell you more information about a noun.

type	definite	quantifiers	possessive	general
	this	some	your	a
	those	five (or any number)	her	any
	that	more	his	other
	these	all	my	another
		enough	whose	what
		less	our	an
		many	their	
		few		
what they tell us about a noun	Tells us specifically which noun is being referenced.	Tells us how many nouns are being referenced.	Tells us that the noun belongs to somebody.	Tells us that some nouns are being referenced, but nothing specific.
