

# Mother Nature - Lesson 3

## Lesson 1 Learning objectives:

To explore and develop ideas about the materials and processes used to create sculptures.

To explore the detail in leaves and create a piece of art work using leaves.

## Warm your brain up!

What is Andy Goldworthy's saying about art at different stages of time?

Each work \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.

## The facts you need:

Look at these paper designs that have been inspired by nature.

Look at the shapes, colours, patterns and textures on the leaves.

What can you see? What do you like /dislike?

Go outside and collect a variety of different leaves.

Look at the different shapes and colours of leaves. Tell someone at home - which do you like? Why?

Look at the veins in the leaves. Where do they start and end?

**Your Creative Task... Choose 1 or more!!**

- 1) Use a pencil to create a detailed drawing of a leaf. Look at the veins and other detail and see if you can include this pattern work in your drawing.
- 2) Use a crayon to do a leaf rubbing.
- 3) Paint the underside of your leaf and print onto paper.
- 4) Use your leaves to create art work like Andy Goldsworthy - can you make them into animals?
