Lockdown 3.0: What do parents have to say about our virtual learning environment?

It is only early days however here are just a few lovely comments we have had from our parents.

Parent A

Just want to personally say thank you to you all and especially Mr Scrannage for all the hard work and the support you have given us in the past week. The work has been relevant and engaging. I know how hard it must have been for you all at such short notice.

Although it may be stressful for parents it isn't a patch on what you all must be going through. Thank you so much and good luck in the next coming weeks.

Also a huge thank you to the reception staff who reassured me and helped me in the first few days with the many phone calls.

Parent B

I would like to take this opportunity to say thank you for all your help and support with home schooling. Your all doing a great job.

Parent C

Just wanted to thank you for the 1st Teams Session this morning. The girls were very excited.

I was really impressed with how you all presented the session and very proud of the girls being able to use the function with ease (even better than I can for work!)

Thank you again for all your hard work and commitment in keeping matters normal and the children engaged, in a situation that currently isn't at the moment.

Parent D

Good morning, just wanted to say thank you for all of the effort going in to the home learning. To say it is a challenge must be an understatement. I hope it all goes well this week. I am sure I'm not alone when I say it is really appreciated.

Have a good week.

Parent E

A big thank you to all the staff. Everyone is doing a wonderful job with the lessons and the work set. For a primary school to be offering what you are is fantastic!
