A huge well done to all the Year 4 pupils on a fantastic set of results for their MTC test. They really have *'let their light shine'* . We know this excellent set of data will put them in good stead as they enter the second half of the Junior School.

We would like to thank all the teachers and support staff involved but in particular the Year 3 and 4 team who have supported these children to get in a position where they have an excellent foundation and are ready to progress in all other areas of Maths- and ultimately other subjects.

Another thank you to parents who have supported with this at home and our governors for their continued guidance.
